† All values given in constant 2007 US\$ millions unless single dollars specified. Disbursement data for Finland in 2004 and 2005 and for Luxembourg in 2002 and 2003 are not available. Basic education ODA includes 50% of Education ODA amounts not allocated by level and 10% of amounts allocated to general budget support. Secondary and Post-secondary education ODA each includes 25% of the amounts not allocated by level and 5% of amounts allocated to general budget support. Total Education ODA figures include the amounts for the three levels above and a notional 20% of general budget support received by the country (therefore amounts by levels don't add up to total education amounts).
